Subject: 2014 Regional Transportation Plan Amendment #3

Dear Mr. Aljabiry:

The 2014 Regional Transportation Plan (2014 RTP), originally adopted on June 26, 2014 and federally approved on December 12, 2014, is the San Joaquin Council of Governments' (SJCOC) major policy document, representing the region's transportation system's vision through 2040. Amendment #3 to the RTP is necessary due to revised scope, updated project phasing, and adjustments of open to traffic year for two projects within San Joaquin County. Specific adjustments to project listings are as follows:

- SR-120 and McKinley Avenue (SJ07-2009) – City of Manteca – shifts the open-to-traffic date back one year to 2022, in accordance with the programming adjustments made in the 2016 STIP
- Golden Valley Parkway – City of Lathrop – phase the project (i.e., split listing) such that two lanes of new roadway are made open to traffic by 2020, and the ultimate four-lane configuration is open to traffic by 2026 (SJ07-3014); and
- Stockton Avenue (SJ07-3016) – City of Ripon – shifts the open-to-traffic date back to 2021, in accordance with the programming adjustments made in the 2016 STIP
- River Road – City of Ripon – identify widening to six lanes (SJ07-3020).

This amendment is being provided to ensure consistency between the 2014 RTP Tables 6-2 and 6-3 as amended with the upcoming 2017 Federal Transportation Improvement Program (2017 FTIP). RTP Amendment #3 is to be adopted along with the 2017 FTIP.

2014 RTP Amendment #3
Page 2 of 2

As a result of this amendment, there are no changes to the net funding during the period from 2014 to 2040 in the 2014 RTP Amendment #3. The total number of projects does not change from those previously approved. The proposed changes do not impact the analysis years for the Sustainable Community Strategy, the Environmental Justice evaluation, or the Air Quality Conformity.

SJCOG opened a public comment period on the proposed 2014 RTP Amendment #3 on August 10, 2016. At that time, SJCOG also commenced its review of the draft air quality conformity determination analysis and the 2017 Federal Transportation Improvement Program. The public comment closed September 9, 2016. Legal notice of the proposed air quality conformity determination was provided August 10, 2016.

For purposes of this amendment, only the affected project categories, “Interchange Improvements Category” and “Regional Roadway Improvements Category,” which are found in Tables 6-2 and 6-3, will be provided in this amendment report. The revised project start dates indicated will be highlighted in yellow for the benefit of the reader.

Sincerely,

ANDREW T. CHESLEY
Executive Director

2014 RTP Amendment #3 Summary of Changes

The RTP as amended conforms to the applicable State Implementation Plans (SIPs), meets all applicable transportation planning requirements per 23 CFR Part 450, and meets the transportation conformity regulations. These changes require a formal RTP amendment (new regional emissions analysis). These changes are necessary to change the scope and/or schedule for the projects listed below. There is no impact to the 2014 RTP fiscal constraint. Tables 6-2 and 6-3 have been updated accordingly.

2014 RTP Amendment #3 makes the following changes to the 2014 RTP:

- SR-120 and McKinley Avenue (SJ07-2009) – City of Manteca – shifts the open-to-traffic date back one year to 2022, in accordance with the programming adjustments made in the 2016 STIP
